**E-mail: [WJMisnick33@stny.rr.com](mailto:WJMisnick33@stny.rr.com) - Phone/Fax: 607-962-5209**

**To:** Your Excellency Bishop Higgins, National Chaplin Msgr. Edward Coyle, National Commander Arminda C. Crawford, National Board of Officers, Department Commanders, Past National Commanders, Past National Chaplains, and membership present.

Your newsletters will get to the public through the media and to your memberships. It is very important that you share your history with others and they, too, can share with others. The program for Historians is an important role in the Post, Chapter, and Department Echelons to keep a record to date and to provide history of the past and for the future.

Please read the Historian Guidelines as published on the CWV website. Herein are some corrective examples:

1. I already had to return the Historian Notebooks to the Post because they contained data from the years 2015, 2016, and 2017. I asked that the Post resubmit the proper dates.
2. Thankful that our postal system has qualified zip code tracking, I've received letters addressed to Corning, Ohio. The address is Corning, NY.
3. Corning, NY is a small postal delivery service. Using the correct nine number zip code 14830-3685 will still make the delivery. Please use the correct spelling of my last name "Misnick".
4. Michael G. Strainic, Sr. , Past Historian is still receiving my mail. Please send to the above address.

Your publications, newsletters, and news releases with modern communications will support all the requirements. You too can be the best and submit by the date deadline of as indicated in the 2016-2017 Report in the website for Commanders and Historians ALL Echelons.

Thank you all for supporting my first year as your National Historian. Again, I hope to be a good Historian for you as well as all Catholic War Veterans.
