Section 3: Local Work Uniforms

We are primarily a service organization. As such, it may not always be practical or appropriate to wear a National Uniform Set as described above for all occasions or in more casual work environments. In recognition of this, the National Department authorizes local echelons to develop and prescribe for wear local work uniforms for their membership.

For purposes of this section, local work uniforms includes all clothing worn by local echelon members when officially representing the CWV that are not specifically described within the National Uniform Sets above. Examples of these are Honor, Color, or other Ceremonial Guards, accompanying Rifle Squads, Drum and Bugle Corps, Kitchen Help, Event Setup and Cleanup, Post Meeting Uniform, etc.

In all cases, the following rules shall govern the use of local work uniforms:

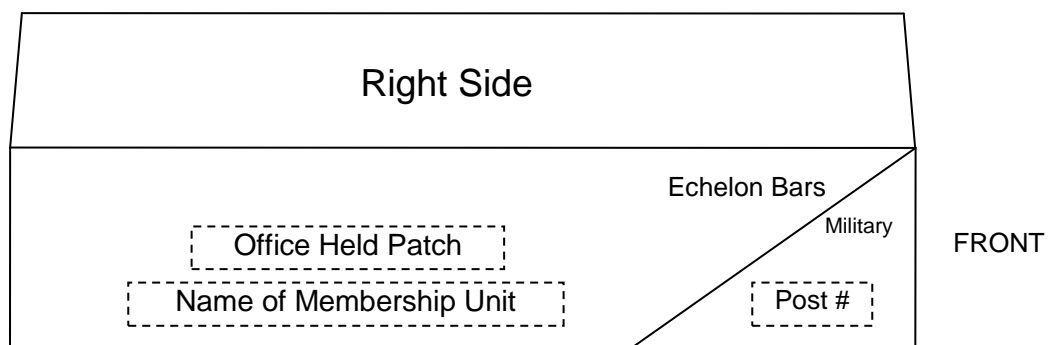

- A. An echelon desiring to develop a local work uniform will submit a high resolution color photographic sample of all proposed uniform items, along with a detailed description of the items, and the local echelon's officially approved usage guidelines in written form to the National Commander, or his designee, for review and approval before having item produced locally.

- B. Only written approval authorizations from the National Commander ,or his designee ,will be accepted as authentic. Each echelon is required to retain a copy of the written authorization for each local work uniform in their echelon records for future review.
- C. As a general rule, the colors of the work uniform items will match as closely as possible those of the National Uniform Sets.
- D. If a similar item has already been developed, approved, and is currently available to be purchased from the National Headquarters, the echelon may be required to utilize those items in lieu of the proposed new local item.
- E. The CWV Celtic Cross emblem may be reproduced and used in embroidery or in locally created pins and patches, so long as the emblem is recreated and presented in its entirety, with the original colors, lettering, and dimensions intact.
- F. The full organization title of “Catholic War Veterans of the United States of America” is also authorized for use as defined in item 5 above. The terms “United States of America” may be abbreviated as “U.S.A.”.
- G. Any changes or modifications to a previously authorized local work uniform must be pre-approved as described in items 1 and 2 above prior to any official adoption or implementation.
